

Church On The Hill

Worship Team Application

Thank you for your interest in the worship ministry at Church On The Hill. We really appreciate you filling out this application so that we can get to know you better

Our ministry consists of teams at both North and South Campus, with services on Saturday evenings at North, and Sunday morning services at both campuses. We have a unique dynamic at COTH in that we are a single church operating in two locations. Some of our worship team members and leaders volunteer at both campuses depending on the need, while others primarily serve at one campus.

There are many ways to worship, but we believe there is something especially unique and powerful about a body of believers coming together to sing praises to our God and Savior. We have been blessed with many talented musicians and sound operators who share our vision of leading a worshipping community of Christ-followers. Our goal is to use our gifts and talents with excellence, and to continue to raise up and disciple others to do the same.

Current Needs

- guitarists [electric and acoustic]
- piano/keyboardist
- bass
- drums
- strings
- sound operators
- others [ex. brass, percussion, etc]

If you are a vocalist only, we do occasionally have a need for vocalists. But because most of our musicians are also vocalists, that need is often filled very easily. We would still love and appreciate you to fill out and submit your application so we can get to know you and work with you as the opportunity becomes available. But we do want to be up front with you that currently, we already have a lot of vocalists and the need in that area is not as great as needs in other areas. It is not our intention to exclude, we just have some areas that are of more need than others. We will work with you as best we can!

Discipleship

As a worship ministry, we strive to be a community of musicians and artists that are continually growing in our relationship with God. The expectation for those who serve is that each one's genuine passion for God and love for others would be expressed not only through worship on Sunday mornings, but in our daily lives as well (including social media). We need you to be aware that by being on stage, others are automatically looking to you as a leader. We don't expect perfection, but we do expect you to live a life of integrity on and off the stage.

Commitment

Striving for excellence in leading worship is more than just showing up on a Sunday. Two of the biggest indicators to us of commitment are communication and preparation. First with communication. We ask that responses to scheduling be given in a timely manner. Secondly, each musician is expected to show up prepared. It will be your responsibility to learn the songs on your own, and come ready to practice them as a team just to work out things like transitions or order of the song. Practice times vary depending on which campus and service you play at, and your leader will communicate that to you each week.
